- Fall 2011 "SF Walk for Lupus Now"
- Winter 2012 "Living Well with Lupus"
- Spring 2012 "Insurance and Employment Rights"

In recognition of the challenges facing teens and young adults living with Lupus, the Department of Pediatric Rheumatology at UCSF Benioff Children's Hospital is pleased to announce the formation of the UCSF Lupus Advisory Circle. The Lupus Advisory Circle is a collaborative effort between young adults with Lupus in our practice and medical professionals from our pediatric rheumatology team. Its mission is to develop a variety of support programs for teens and young adults living with Lupus.

We hold various workshops throughout the year on topics that are relevant to the needs of youth with Lupus. Along with workshops we host socials and participate in community events such as the annual Lupus Foundation of America's Walk for Lupus Now!

We are excited to be able to offer this new dimension of care to our practice and hope you will be able to join us in for our future events.

Please join our new Facebook group to connect with other teens!

For any questions, further information, or if you are interested in joining the Facebook group, please email lupuspeergroup@gmail.com or call our social worker, Caroline Hill, LCSW, at (415)353-2858.

Want to be more involved?

Join our UCSF Advisory Circle and help plan events for you and your peers!
